Subject: RE: Duke Energy Coal Ash Spill; Request for Community Contacts from the Regional Administrator's Office

Cynthia,

SELC is representing client groups at every Duke Energy coal ash site in North Carolina. Please pass along my contact information to the Regional Administrators office. In addition to direct representation, our office has also presented on the need for removal of coal ash to safe lined storage away from water at the NAACP rally shortly following the Dan River coal ash Spill in 2014 and at a New Hanover County NAACP Chapter meeting in Wilmington regarding the fish contamination at the Sutton coal ash pond there. Attorneys at SELC have also recently met with residents near the Buck coal ash ponds regarding documented well water contamination there. I'll also be meeting the Gullah Geechee Sustainability Think Tank on June 29th in Wilmington to show them the public fishing piers at Sutton Lake and discuss the documented fish contamination from coal ash at that Lake.

My direct dial is 919 945 7107.

Chandra T. Taylor
